**Book of Destiny**

Welcome to your personal report from the Book of Destiny! Inside you will find detailed information about one year of your life. If you read carefully, you can extract even more information from this valuable report.

The information found within comes from a very ancient and highly revered mystical science that originated before the days of early Egypt. Its exact origins are unknown but its accuracy speaks for itself. The information it will give you will be timely and practical, pertaining to the events and experiences you are currently going through.

## Understanding the Structure of a Yearly Report

The information about your life in the Book of Destiny is in the form of playing cards arranged in a particular formation. The positions of these cards is not random in any way. Each card is derived from mystical calculations taken from your birthday and your current age. It is these cards and their meanings, that relay the information about each year of your life. Here is how these cards are divided and presented in the context of this Yearly Report.

First of all, this report will have one or more Main Sections, each referring to the cards found under one of your personal signifiers. Our personal signifiers are cards that represent us in some way. These include the Birth Card, Planetary Ruling Card, Personality Cards and Karma Cards. All of these cards can be used to signify us and each plays a certain role. However, not all of them are required to make a complete Yearly Report. Therefore, this report may contain one or as many as five main sections, each under the heading of one of these personal signifiers, depending upon who ran this report for you and which personal signifiers they believed would be the most helpful for you to know about. Most Yearly Reports include the cards for two personal signifiers, the Birth Card and one other. Karma Cards are rarely used.

Each of the Main Sections of a Yearly Report is divided into two distinct groups of cards and each of these Card Group Sections will have a Title Page to let you know what will follow. The first Card Group Section are what we call the Year-Long Influence Cards. These five cards, the Long Range, Pluto, Result, Environment and Displacement Cards, cast their influence on an entire year of our life. For this reason, their influence is more powerful than the other cards in a Yearly Report.

NOTE: Some of the Birth and Planetary Ruling Cards do not have Environment and Displacement Cards. These are the Ace of Clubs, 2 of Hearts, 9 of Hearts, Jack of Hearts, 8 of Clubs, 7 of Diamonds and King of Spades. If one of your personal signifiers is one of these cards, there will not be a page about the Environment and Displacement Cards in that Main Section.

The second Card Group Section in each Main Section are the Planetary Period Cards. There will usually be two cards found in each of seven Planetary Periods that divide the year into 52-day segments and the Title Page for this section will show them all to you and list the dates that correspond to the beginning of each period. Your birthday marks the beginning of the first period, called the Mercury Period. 52 days later the next period begins (Venus) and so forth until your next birthday marks the ending of one year and the beginning of the next. The cards found in each period have a strong influence over the events and experiences of that time segment. They also cast a subtle influence on the entire year and when this is the case, it will be mentioned in the interpretations for that particular card.

That is basically all there is to a Yearly Report except that there is a special section that is found in the beginning called the Report on Auspicious Positions Page. This page will tell you about influences that are present due to the position of your Birth Card and Planetary Ruling Card in this year's Grand Solar Spread. The Grand Solar Spread is sort of a master spread from which the cards in your Yearly Report were taken. You may or may not have one of these pages because there are some years that your cards may not fall into any of the nine various auspicious positions that this report looks for.

## More About Your Personal Signifiers

Your birthday associates you with one of the 52 playing cards. That card, called the Birth or Destiny Card, tells us much about your personality, character, and potential in the various areas of life. Every Birth Card has a highest expression as well as challenges that must be dealt with during the course of a lifetime. Inside, you will find a detailed description of your Birth Card on the page entitled "About Your Birth and Destiny Card". This is the first place to begin in your study. The meaning of your Birth Card will not change over the course of your life. Each of us is constantly refining the characteristics of our Birth Card, striving to reach the highest potential it offers us while working with some of the karmic challenges that are also associated with it.

Even though it is the most important, our Birth Card is not the only card that is a personal signifier for us. There are other cards that offer further clues about our character traits and personality. The most important is our Planetary Ruling Card. The Planetary Ruling Card is derived from our sun sign and explains much about our behavior in a similar fashion as the Birth Card. It is often compared with our Rising Sign in astrology. It acts as a personality filter that influences our behavior in a certain way and it is an important card to learn more about.

We also have one or more Personality Cards that are essentially masks that we wear from time to time when we are engaged in certain activities or occupations. These are always the Jack, Queen and King of our Birth Card's suit. For example, if a woman is romantically involved, she is usually playing the role of her Queen. If her Birth Card is a 5 of Clubs, for example, she would be acting as the Queen of Clubs when she was in love. Men in love act as the Jack of their suit. When your Yearly Report has a Main Section for one of these Personality Cards, just exactly how they fit into the overall picture will be explained in the report. Just keep in mind that these Personality Card influences are only in effect for whatever period of time we make their activities important in our lives. This is very different from the Birth Card or Planetary Ruling Card which are in effect all of the time.

Our Karma Cards offer additional mirrors of our personality, often revealing hidden traits. Most of us have two Karma Cards but some have as many as six. If this report has a Main Section in this report for one of your Karma Cards, it will likely reveal events and experiences that are very personal in nature and perhaps not so significant in an external or mundane fashion.

### How to do Relationship Readings for this Year

Though not apparent on the surface, this report does allow you to look up people you know and discover how they will be influencing you in the year that this report is created for. This section gives you all the tools you need to do this on your own, it is not presented directly by the report, but the information is available if you have the time to read this and follow the necessary steps.

**STEP ONE** - Make a list of the Birth Cards of people you want to know about. On the following page is a Birth Card Chart that gives the Birth Cards for each birthday of the year. In the table in the next column, list up to ten of the most important people in your life. Write down their names and birthdays and then look up their Birth Card and write that in as well.

**STEP TWO** - Determine their Personality Cards. Personality Cards are used frequently in relationship comparisons because they have proven to be accurate and important in this area. For purposes of this report, just list the Jack for men and the Queen for women, always of the same suit as their Birth Card, and write them down next to their Birth Card. For example, if some man you know has a Birth Card of a 7 of Diamonds, you would write the Jack of Diamonds down under "Cards" beside his Birth Card.

**STEP THREE** - If you have the book, Love Cards by Robert Camp, look up and write down the Planetary Ruling Cards and Karma Cards of each person. These additional personal signifiers will give you more cards to look for.

Name	Birthday	Cards

### Your List of Friends and Family

They are not completely necessary, but if you have them, it will simply add more to your search.

**STEP FOUR** - Look through your Yearly Report for the occurrences of their cards and then compare their locations with the Relationships LookUp Table to determine what it means. Take their Birth Card first and look through your Report to see if it is mentioned anywhere. If you find it, make a note of what position it is in (Long Range, Mercury Period, Pluto, etc.) The Relationships LookUp Table on the page after next will tell you what it means when it is found in any particular position. Once you have looked for their Birth Card, you can search for their other cards in the same manner.

The position of each card will relate a specific influence they will have on you over the course of the year. When one of their personal signifiers shows up in a specific Planetary Period, you can bet that they will play a significant role in your life at that time. Read the meaning of the other cards found in that period to determine just what that role might be. For example, suppose someone you know is a 3 of Hearts female and you happen to have a Queen of Hearts in your Mars Period along with a 5 of Diamonds. This Queen of Hearts is one of your 3 of Hearts friend's personal signifiers and thus it does represent her playing some role at that time. Because it is in Mars, you know that it could be a competitive or passionate role. The 5 of Diamonds suggests a change in finances related to a legal matter or a business trip. Putting these tips together you may predict a disagreement with your 3 of Hearts friend about some money matter, perhaps a legal matter, OR that the two of you go on a business trip in a somewhat restless manner.

Using this technique, you can add a lot more dimension to your personal Yearly Report. In fact, most of the cards in our Yearly Reports have dual meanings and many stories to tell us. The interpretations given for each of the cards tell the major story, but with the proper tools, you can derive much more information about other aspects of your life.

## Special Tips for Gaining a Better Understanding of Your Yearly Report

1. To know more about your personal relationships in a year-long manner, look at the cards in your Venus Period and look at all the Heart cards found everywhere in your spreads. These are the most important relationship indicators.
2. To find out more about your work for the year in a general way, look at the Mars and Uranus Period cards and the Spade cards found anywhere in your reading. If you are involved in any of the communications fields, look for Clubs cards to indicate your success or failure in those areas. Entertainers, artists and those that work primarily with people should look at the Heart cards and the cards found in Venus. Salespeople and merchants would look for Diamonds and the Jupiter cards.
3. To know more about your health, look at the Saturn Period cards and Spade cards in particular.
4. To find out how your finances will be this year, look at all the Diamond cards and the cards under the Jupiter Period.
5. Our Jupiter Period cards each year signify what or who will be the greatest blessings and in which direction we can achieve the greatest financial blessings. To insure your financial success, follow the path laid out by your Jupiter cards, especially the Jupiter cards found in your Birth Card and Planetary Ruling Card sections.
6. Always seek to combine the meaning of the two cards found in the Planetary Periods to get the complete meaning. The whole story for any particular period is a combination of both cards acting together. Sometimes the Neptune period has only one card. When this is the case, this one card is the only influence present.
7. Try to keep the various sections of the report in perspective. Sections based upon Personality Cards will only apply to those aspects of your life governed by those cards.
8. When two cards in one period seem to contradict each other, remember that the more positive card will win out over the negative card in any given Planetary Period. Though the negative card could indicate a problem of some sort, the other card will indicate a resolution of that problem later in the period.
9. To learn more about this amazing system and how to do readings for yourself and others, purchase a copy of Destiny Cards by Robert Camp, available where you got this report. His other book, Love Cards, is also highly recommended, and also available where you purchased this report.

## *All about Your Birth Card*

*Our Birth Card is our most important symbol of who we are in this lifetime. It is the card that we most identify with, and through which we have the greatest gifts to share with those around us. It is also called our Sun Card and our Soul Card.*

The Ten of Hearts Person

The Social Success Card

Like the Ace of Hearts, these people have much ambition in their life and could stray off the path of truth as a result. However, they have already experienced the truth and they have this knowing that is their birthright to guide them at each step along the way. They are creative and usually artistic. They are leaders, not followers. They love children and groups of people that they may regard as their children or audience. They are either in a field where they can perform in front of others or are surrounded by many family and social concerns. In either case they are surrounded by the ten hearts of their birth card.

They are innovators and can make a great contribution in their chosen field as long as they exercise clarity in their judgment. Their motives can either be humanitarian or selfish, and this usually has a lot to do with their ultimate destination. They are independent and often impulsive but this is usually kept in balance by their wisdom. They can make a unique mark on the world through the application of their inherent gifts. They are usually gentle and wise people - at least the wisdom is there. Their wisdom is their protector and guiding light.

Some of the Ten of Hearts Issues Concerning Relationships

Ten of Hearts have 'power in love' and are attracted to those of power. They are also not afraid to work for the love they want in their personal relationships. They are charming and well liked. They will make the first move to start a relationship and then are willing to work for it. This is good and can be just the winning formula for success in love or marriage. These people have basically good karma in the love arena but there can be some indecisiveness that in some cases leads to problems. Relationships with Diamond women are often karmic and difficult as these women remind them of some of this indecision and capriciousness.

Ten of Hearts are very smart people and when they apply their mental power and creative energy to the area of love, it can get them into trouble when they try too hard to make things turn out as they plan. Love cannot be planned and manipulated in the same way that we plan out our daily schedule. Often there is the need to learn to feel things instead of thinking them out in matters of love.

## *All about Your Planetary Ruling Card*

*The Planetary Ruling Card acts like a second Birth Card to give you a new slant on your personality and character traits. It is very important in terms of your personal relationships since it represents a part of you that you identify with strongly.*

### Leos Have No Separate Planetary Ruling Card

Because you are a person born under the royal sign of the Sun, your Planetary Ruling Card is the same as your Birth Card. What this tells us is that you are much like a double or triple version of your Birth Card. Whatever qualities you have, according to your Birth Card, have been doubled in your case and of course, you tend to dramatize these qualities to the max at times. Of you, people might say, "he (or she) is such a card!" because you put so much of yourself into whatever expression you have to show to the world. You have a lot of potential in terms of leadership and have an opportunity to utilize the characteristics of your Birth Card to lead others and help them in many ways. You also tend to have a strong romantic nature that in some cases, can interfere with long-term commitments.

About The One-Year Reading for your Birth Card

Our Birth Card is the most significant card of all the cards that represent us. It is the card that we identify the most with and the one in which we 'shine forth' with the greatest brilliance. We have other cards that are symbols of us as well. These include the Planetary Ruling Card, Personality Cards and Karma Cards to some extent. However, it is the Birth Card that is first and foremost in its importance and in its ability to describe our life in great detail.

Since this report may contain the Yearly Spreads for other cards that represent you, it is important to know the difference between them and their purposes in determining what they are trying to tell you.

On the following pages are all the cards for this year that fall in the Yearly Spread for your Birth Card. Cards in the Birth Card's Yearly Spread can pertain to most any area of your life, in contrast to the Personality Card spreads which usually only pertain to certain aspects of your life. As you read these influences keep in mind that these are the primary and most important.

## *The Year-Long Cards Found In Your Birth Card Spread*

Your Long Range Card

*Your Long Range Card is perhaps the most important card of the year. It defines something or someone that will be a major focus of your attention. It is neither positive or negative, just a place where a lot of your time, energy or attention will be spent throughout the year.*

Your Pluto Card

*Your Pluto Card is also a very important card in the Yearly Spread. It signifies something or someone that will cause a significant change in some part of your life. It may define an area where you experience a 'mini-death' in your life, a place where you release a negative pattern to make room for a more positive way of life.*

Your Result Card

*Your Result Card combines with the Pluto Card to help define your big change and challenge of the year. But in addition, the Result Card will be someone or something that you will end up with by your next birthday that is a blessing in your life. It is like the gift that you will receive for all the hard work you did this year to transform yourself.*

Your Environment Card

*Your Environment Card represents someone or something that will act in a beneficial manner for you throughout the year. It is an area where things will come easily to you, something or someone to be grateful for. It is always a good thing regardless of what card it is. You will collect good things from this card all year long.*

Your Displacement Card

*Your Displacement Card usually indicates an area where you will have to pay closer attention in order to have success for this year. It can be a person or thing that requires you to give them extra energy in order for that thing or person to be a benefit in your life. It can also signify 'special' occurrences that only come in certain years of life.*

### About The Year-Long Influence Cards in your Birth Card's Spread

Each card in your yearly reading says something about a specific area of life. Some influence the entire year while others influence primarily a 52-day period of time. The cards above are those that influence the entire year. Because of this, they are always considered to be the most important cards of the yearly reading.

Each of these five cards has a specific function and purpose and will tell you some different and yet important things about the year this report is for. Take your time as you read their meanings as well as the text that describes their individual importance and functions.

## *Your Long Range Card This Year*

Your Long Range Card

### The Ace of Clubs as the Long Range Card

The Ace of Clubs tells us that you will have a strong desire for knowledge of some kind this year and that new plans, ideas, and forms of communication could have a major impact on you. You may throw yourself into some new educational pursuit, or some other Mercury-ruled activity such as writing, speaking, or teaching. You may purchase a new computer or be exposed to some advanced system of knowledge. This will probably mean that you begin some new job as well. This is a powerful indicator of new beginnings in many areas of your life.

Your natural curiosity is heightened this year and this could lead you into many new ideas, concepts, beliefs and ways of communicating. With all the passion of this 'one' energy, try to stay relaxed.

### Keywords:

I am thinking new ideas and thoughts, launching new plans, ideas and new forms of work for my future. I am exposed to new forms of knowledge.

You desire the kind of mind power that will put you in a leadership position in your field and to achieve this you must make some fundamental and important changes in yourself. It is likely that you must make some important distinctions about your life that will alter your path.

'Mental power that brings success' are the major keywords for the King of Clubs. Whether you are a writer, a teacher, a speaker, or working in any of the communications fields, it is certain that mental power, the ability to get and use the right information, is vital to your success this year. You will have to make some changes in the way you have been doing things in order to have this success and it won't always be an easy task. However, this is the goal that you have set before yourself and you must do it.

The King of Clubs, like all the Kings, is about becoming a leader and taking more responsibility in some mental field or endeavor. Perhaps you have the desire to rise up to a level where you are a recognized authority in some field or that you want to take more of a leadership position in your job.
